Points forts
Ben KOVAC est un bon attaquant droitier avec des qualités de scoreur. Il prend 1/3 de ses tirs derrière l'arc. Il a une belle mécanique de shoot à 3 points en catch and shoot, assortie d' une excellente lecture en sortie d'écran . C'est aussi un bon joueur de 1c1 qui utilise son gabarit pour résister aux contacts et qui n'hésite pas à driver dans le trafic.
Il peut se créer son jump shoot après 1 ou 2 dribbles et est capable de se démarquer en ligne de fond pour aller au Alley hoop. Il peut également tirer en Fadeaway . Rapide, il aime conclure le jeu rapide et claque du dunk dès que possible.
Il a le sens du collectif et une bonne vision du jeu qu'il exprime en fixant la défense en drive pour servir ses intérieurs dessous.
Il participe activement au rebond défensif avec une moyenne de 4 prises par match.

Points à améliorer
Comme souvent chez les joueurs portés sur l'attaque, B.Kovac à tendance à s'économiser en défense. Il doit gagner en explosivité et travailler son jeu de jambe défensif.
Afin de gagner en consistance, il doit améliorer son % à longue distance. Il peut aussi gagner en agressivité en 1c1 et aller davantage sur la ligne des LF.Il est encore jeune et très largement perfectible .

Résumé
On peut dire de ce joueur qu'il a une belle panoplie d'attaquant. Réputé pour son tir à 3 pts , il est aussi présent aux rebonds et met son esprit de compétition au service de son équipe.
Il aimerait gravir les échelons, s'imposer dans un championnat plus relevé et aspire à des responsabilités, ne souhaitant pas être cantonné à un rôle de remplaçant. Vu son jeune âge (22), nul doute que son tempérament et ses qualités feraient de lui un candidat crédible sur de la Pro B française dans un premier temps. (présenté le 8 avril 2022).

Strengths
Ben KOVAC is a good right-handed striker with scoring qualities. He takes 1/3 of his shots behind the arc. It has a nice 3-point shooting mechanic in wrestling and shooting, with excellent screen reading. He is also a good 1v1 player who uses his template to resist contact and who does not hesitate to drive in traffic.
He can create his jump shoot after 1 or 2 dribbles and is able to stand out in the bottom line to go to the Alley hoop. It can also shoot in Fade away. Fast, he likes to conclude the game fast and slams the dunk as soon as possible.
He has a sense of the collective and a good vision of the game that he expresses by fixing the defense in drive to serve his interiors below.
He actively participates in defensive rebounding with an average of 4 catches per game.

Areas for improvement
As is often the case with players focused on attack, B.Kovac tends to save on defense. He must gain explosiveness and work on his defensive footwork.
In order to gain consistency, it must improve its % at long distances. He can also gain in aggressiveness in 1v1 and go more on the FT line. It is still young and very largely perfectible.

Summary
We can say of this player that he has a nice panoply of striker. Renowned for his 3-pt shooting, he is also present in rebounds and puts his competitive spirit at the service of his team.
He would like to climb the ladder, impose himself in a higher championship and aspire to responsibilities that do not wish to be confined to a substitute role. Given his young Age (22), there is no doubt that his temperament and qualities would make him a credible candidate on the French Pro B at first.
